

40 years of proof

Since 1940, Gehl has been building field choppers and forage harvesters with one thought in mind...performance. And, year after year, thousands of satisfied owners prove that we know how to use that specialized experience to build better machines. Today, Gehl concentrates those 40 years of chopping know-how into three fuel-efficient, high-capacity forage harvesters:

Capacity King 1250. The largest capacity pull-type harvester on the market. Gehl's exclusive 24" spinner delivery system keeps forage moving with no cross augers to plug. The giant, 9-knife, 25 1/2" cylinder gives a quality cut. And the new cutterbar adjustment is the easiest anywhere. In-head hydraulic knife sharpener and electric controls are standard too.

New mid-range 1000 gives you the high capacity you'd expect from the big 21" cylinder and fast spinner delivery system. Like the 1250, standard features include the in-head hydraulic knife sharpener, adjustable

axles, one-way shear bolt protection and attachment down-stop.

Fuel saver 750 tackles just about any chopping job. Uses less horsepower per ton chopped than many bigger harvesters. Uses less fuel. The 8-knife cutterhead is set into the blower compartment for smooth, continuous material flow. Add Gehl's patented in-head hydraulic knife sharpener for even more cutting efficiency.

Prove to yourself that there's no substitute for Gehl's 40 years of forage harvester experience. See your Gehl dealer soon

Adams Apple Blossom Festival opens April 30

GETTYSBURG — Adams County will hold its 33rd annual Apple Blossom Festival on Saturday, April 30 and Sunday, May 1.

Highlights of this year's festival include live entertainment, a chicken barbecue dinner, orchard tours, crafts show and sale, a petting zoo, livestock and agricultural exhibits, and the crowning of the Apple Blossom Queen. Features this year include an apple butter boil and a wider selection of taste-tempting food treats.

The Apple Blossom Festival is held each year at the South Mountain Fairgrounds, located 10 miles northwest of Gettysburg, on Rt. 234 West, near Arendtsville. The fairgrounds are situated in the middle of Adams County's 20,000 acres of fruit orchards. The festival gates will open each day from 10 A.M. to 5 P.M. and admission is \$1.00 per adult, children under 12 are free and there is plenty of free parking.

Visitors from a five-state area are attracted to this special annual event to enjoy the festival and to view the beautiful blossoms of the apple, peach and cherry trees

which are usually in full bloom during Festival Week.

Adams County fruitgrowers produce over five million bushels of apples each year.

Attractions, both days, promise to delight both young and old. Other attractions include free apple related movies, a display of antique cars, helicopter rides, an antique steam engine corn sheller demonstration, home made crafts, plus much, much more.

The highlight of Sunday's activities will be the crowning of the 1983 Apple Blossom Queen. Preceding the crowning will be an apple pie baking contest, apple pie eating contests and apple bobbing contests. A wide variety of food products will be available for purchase such as fresh apples, apple cider, apple butter, candied apples, apple dumplings, apple strudel, apple pies, cherry desserts, homemade scrapple and country sausage.

The Apple Blossom Festival is sponsored by the Adams County Fruit Growers Association, and coordinated by the Gettysburg - Adams County Area Chamber of Commerce.

Guild hosts Sheep Breeders

WOODSTOWN, N.J. — Members of the Third Star Fabre Artists Guild in a meeting at the Salem County Vo-Tech School, Woodstown, N.J., entertained six members of the Wool Sheep Breeders Assn. of N.J. recently.

Guest speaker for the occasion was Carolyn Furio, owner of the Knit Nook, Woodstown. Topic for the lecture was the use of hand-

spun yarn in hand knitting projects. Samples of several weights of handspun yarn and novelty yarns were used to demonstrate techniques. Yarn samples were donated by members of the Wool Sheep Breeders organization.

Guild meetings are held the second and fourth Mondays; visitors are welcome.
