

More milk per pound with Pennfield's Hi-Yield Dairy Feeds

Hi-Yield Dairy Feeds #507 and #534

Nelson Habecker, of Lancaster R2, is feeding Pennfield #534, our new Hi-Yield Dairy Concentrate with added fat. He's particularly pleased with the way his cows really eat the new high fat feed.

The Habecker herd is on a roughage program of hay, haylage, and corn silage, fed two times a day. Their grain program includes high moisture shell corn, and Pennfield's Hi-Yield Dairy Concentrate. Their high producing cows are top dressed with a mix made of ground ear corn and Hi-Yield 34.

#534

Hi-Yield Dairy Concentrate

Crude protein 34.0%
 Fat minimum 6.5%
