

NEW 100-190 HP TRACTORS  
**JOHN DEERE SETS NEW  
 PTO FUEL EFFICIENCY  
 RECORD IN OFFICIAL TESTS**

The John Deere 4850 is the most fuel-efficient big tractor you can buy. It now holds the record for PTO-measured fuel efficiency: in official tests at rated engine speed, the new 4850 bested every current production tractor of 100 horsepower or more. (Actually it's the most fuel efficient tractor over 65 hp currently available.) The record? Take your choice: 17.47 horsepower hours per gallon or .399 pounds of fuel per horsepower hour. But the 4850 wasn't taken in turning in an improved PTO fuel efficiency. All five of our 100- to 190-hp tractors are more fuel efficient than their predecessors. Across the line, they average 10 percent better on overall PTO fuel efficiency. Stop in for the full story.

**POWERFUL NEW EFFICIENCY FOR  
 YOUR BREAD-AND-BUTTER MACHINE**

**\$4,000 REBATE TO INTRODUCE  
 CASTER/ACTION™ MFWD**

**On new 100- to 190-hp  
 John Deere 50 Series tractors**

Save money when you buy and save time when you work. To acquaint you with exclusive Caster/Action mechanical front-wheel drive on new 50 Series row-crop tractors you'll get a cash rebate direct from John Deere, in addition to our good deal.

Your introductory cash rebate is shown in the first column. Savings on a John Deere row-crop tractor with Caster/Action MFWD that will give you a big boost in field or feedlot efficiency.

Why a \$4,000 rebate? John Deere is convinced that once farmers realize the performance advantages of Caster/Action-equipped tractors in local conditions, they'll

become the number one choice. So John Deere is making this limited time offer to get tractors with this exclusive MFWD onto local farms so the word will spread about their efficiency.

Model	Cash Rebate for C/A MFWD
190-hp 4850	\$4,000
165-hp 4650	4,000
140-hp 4450	4,000
120-hp 4250	4,000
100-hp 4050	4,000

**John Deere 5- and 8-hp riding  
 mowers help keep your lawn and your  
 budget in trim**

John Deere riding mowers are an easy and economical way to take the legwork out of lawn work. Climb aboard and see how enjoyable mowing jobs can be.

Choose from four models. The 5-hp 65 with 28-inch cut; the 8-hp 68 with 30-inch cut and recoil or electric start; and the 8-hp 68 with 34-inch cut and electric start.

Each model is "human engineered" with cushioned seat, color-coded controls, roomy operator's area and wide nonslip footrests. Triple-safety starting guards against accidental starts. A welded steel frame provides added durability.

The 65 Rider has a gear-drive 3-speed transmission; 68 Riders have a 5-speed in-line transmission that lets you clutch and shift on the go. Cutting heights adjust easily, from 1 to 3 inches on the 65 and from 1 to 4 inches on the 68.

To give your lawn a manicured look, a 6½-bushel rear bagger is available for use with the 30-inch 68 Rider.
