

## WE'RE MAKING DEALS THAT BRING SUNSHINE IN MAY

### Pull through the tough spots with a Power Front Axle

When wet spots or other tough areas slow you down, a quick shift into four wheel drive can make all the difference. And all it takes is a Power Front Axle option on your 2-70, 2-115, 2-135, 2-155 or 2-180 Field Boss® tractor.

4 WD is not created equal. If you think all Power Front Axles are the same, look again. Most tractors use the engine as part of the structural frame. Adding four wheel drive puts a lot of stress on the engine block. We think too much stress.

It's one reason why every Field Boss has a separate main frame casting. The engine is cradled inside it. Besides adding hundreds of pounds in working weight to the tractor, this separate main frame handles the extra stress of the four-wheel-drive.

See what over 21 years of success in four wheel drive tractors can mean. Drop into the dealership for a look at a Field Boss with Power Front Axle. Today.

A separate heavy cast main frame teamed with full mechanical drive makes our Power Front Axle one of the most dependable anywhere

### Last Year One Out Of Three Planters Sold in PA Thru April Was A White 5100!

### If you can find a better planter, we'd like to see it.

There's a planter sitting on our lot right now that many farmers across the country — and right here in this country — believe to be the most accurate planter on the market today. The 5100 Seed Boss® planter from White Farm Equipment Company.

Accurate seed depth, even spacing. This planter uses our innovative walking beam dual gauge wheel system to put seeds consistently at the depth you select — even in rough ground or varying soil types. And that's especially important in today's reduced tillage seedbeds. Plus its gentle seed metering provides accurate seed spacing and population, not only in corn but also in other row-crops like soybeans, milo and cotton.

It doesn't cost anything to look. Drop by our dealership in the next few days and take a look at the Seed Boss. We'll point out its advantages. Answer any questions you have. If you're thinking about a new planter, you owe it to yourself to see the Seed Boss.

**Models Available  
At 9.75% APR For Up to  
24 Months Or Waiver  
of Finance  
Til Oct. 1, 1983**
