

Talk to the man who knows forage handling systems.

Badger has been building forage equipment for over 30 years. They know what it takes to make forage equipment that is profitably efficient. And they know what is needed to make forage farming profitable.

That's Confidence!

Test Drive a Badger Mower/Conditioner and We'll Give You \$200

Badger Northland sets the standards again with the best deals on the finest Mower/Conditioners money can buy.

Now through September, you can "try before you buy." To show you just how confident we are that you'll buy a Badger Mower/Conditioner, we're going to offer you \$100 for trying our machine, even if you purchase a competitor's mower/conditioner within a 30 day period of your demo.

However, if you like our machine the best (which we know you will) we'll make a sweet deal even sweeter. We'll send you a check for \$200 providing you purchase our Mower/Conditioner within 30 days of your demonstration.

Add to that Badger's exclusive "beat the clock" rebate program that will give you up to \$500 more and you'll have the deal of the year.

But the real reason to buy a Badger Mower/Conditioner now is for the performance and efficiency you'll get during haying. Smooth and quiet best describes it. A machine built to cut close without over-conditioning.

Ask your participating Badger Dealer about Badger's "Beat the Clock" Mower/Conditioner Rebate Program

Buy a Badger Mower/Conditioner in . . .	* And you'll receive:
May	\$500
June	\$500
July	\$400
August	\$300
September	\$200

* Plus up to \$200 more just for taking a test drive!

NO SILO TOO HIGH

They haven't built a silo that the Badger Blower can't fill. No matter how high or how big, the Badger Blower can fill 'em all.

It's simply the smoothest running, toughest blower you can buy, outperforming other models in volume and speed.

It will take anything you give it, forage or grain. And

the special Badger magnet catches tramp iron.

Get together with your Badger Dealer today and get ready to fill your big silo.

It's easy to understand why you'll never see a Badger Box in "the forage box graveyard."

You can't buy a better box than Badger's. Start with specially treated acid resistant exterior grade plywood, bolted to steel channel stakes. No nails anywhere. Add to that a tough welded and bolted undercarriage built to carry the big loads. Match all this with Badger's simple and reliable heavy roller chain drive, a beater design that delivers a smooth even discharge to the blower. And then mount it on Badger's own heavy duty single or tandem axle running gear and you've got a box that will stand up to the toughest punishment.

Badger Northland is "Setting the Standards" for 1983
