End-of-model rebates up to \$4,600 and a finance waiver offer to March 1, 1984 on new 40- to 228-hp John Deere 40 Series Tractors

There's no need for you to assign your PIK certificates to buy a new farm tractor now. Not if you take advantage of special end-of-model offers on John Deere 40 Series Tractor.

Between June cash rebates up to \$3,200 (see chart) and your trade-in, you'll likely cover downpayment. Then if you're a qualified buyer and finance with John Deere, finance charges will be waived to March 1, 1984. Or you can take an additional cash rebate in lieu of waiver up to \$1,400.* But you

must act during June to take advantage of offers at this level.

One other reminder: We're discounting from tractor list prices that date back to 1981 on the 40 Series.

So get the new 40 Series tractor you need now. But hold onto PIK certificates and still get a new tractor for Investment Tax Credit, plus first-year depreciation to help shield income in 1983.

Come on in soon. We're ready and willing to deal on the new tractor of your choice.
