MOWER / CONDITIONERS

Fast Drying, No Plugging

Vicon mower/conditioners help you make hay whether the sun shines or not. Two hardworking models tackle the heaviest standing grass or wet, tangled forage without plugging... and cut faster than any mower on the market.

You have a choice: the OM-240 for coastal bermuda, fescue, rye and other grasses. The KM-240 for alfalfa, clover and other forage crops.

BAD FOR US. GOOD FOR YOU.

Do we have to tell you? It has not been a banner year in the farm equipment business. Inventories are high almost everywhere you look. We need to generate cash and that means we have to move that inventory. And move it now. If you've been postponing the purchase of major equipment we can tell you this: we've never offered prices and terms this good. Frankly, we hope we never have to again.

MF'S BOTTOM LINE BARGAINS.
