

PICK IT APART.

EASIER TO PICK UP. The Surge Mini-Orbit® is a full pound lighter than the Mini-Cup II. And a more convenient shape and better balance make it easier to carry, attach and remove.

BETTER VISIBILITY. The clear polysulfone thermoplastic dome is why. You can see milk flow from each quarter, avoid overmilking and harvest more milk.

BETTER BALANCE. Thanks to the unique Surge stainless steel bowl design. One that puts the weight on the bottom where it belongs.

EASIER MILK OUT. Nipple position, low center of gravity, larger stem inflations and larger inlets into the milking machine assure a more balanced milking action.

THE SURGE MINI-ORBIT MILKER. There's so much built into this milker it's easy to pick out features you like. Features no other claw-type milker can match. Ask your Surge Dealer about the Mini-Orbit today.

YOU CAN'T PICK ONE BETTER.
