

CCC donates dairy products to Chile and Philippines

WASHINGTON — The U.S. Department of Agriculture's Commodity Credit Corporation has donated 15,510,000 pounds of dairy products to Chile and 250,000 pounds of dairy products to Children's Aid International, Inc.

for the Philippines, according to a June 24 report by the Under Secretary of Agriculture, Daniel G. Amstutz.

A total of 14.8 million pounds of nonfatdry milk and 783,500 pounds of butterroll will be given to the

Ministry of Health in Chile for distribution to 1.2 million children under the age of six years who are exposed to or suffering from malnutrition. Another 250,000 pounds of nonfatdry milk will go to the Nutrition Center of the

Philippines, supported by Children's Aid International, Inc., to malnourished children in the same age group in the Philippines.

This brings to 14 the number of programs implemented under recent legislation which amended

Section 416 of the Agricultural Act of 1949 to allow the CCC to donate its surplus dairy products to help needy people overseas. This section also authorized domestic donations of these dairy products to help needy Americans.

ALL MANURE MAY HAVE BEEN CREATED EQUAL... BUT THAT'S AS FAR AS THE SIMILARITY GOES

The Amount And Type Of Bedding - Temperature - Rainfall - Time Of Year - The Local Geography - All Affect How You "The Individual Farmer" Choose To Handle Your Manure. You May Choose To Handle Your Manure As A Liquid, Semi-Solid or Solid. There Are Advantages And Disadvantages To Each System.

The Point Is You Need A Choice Of Equipment

<h1>1</h1>		BARN CLEANER From the custom delivery chute, to the welded reverse corners... from the big 18" steel fabricated corner wheels to the most reliable power unit in the industry, it's Hedlund throughout. Fits any barn layout.	WE HAD THE BARN CLEANER PATENT IN 1922!
		FREE-STALL CLEANER Dependable, thorough automatic cleaning! The big high-carbon steel scraper blade is curved to keep manure rolling ahead of the scraper. The recessed chain keeps the blade to the floor and is out of the way of cattle. And more!	BEST IN THE INDUSTRY!
		CROSS-CONVEYOR Complete your scraper system with Hedlunds cross conveyor. Features similar to our proven gutter cleaner.	BUILT WITH THE SAME STRENGTH AS OUR GUTTER CLEANER!
<h1>2</h1>		MANURE AS LIQUID The Hedlund-Vaughan Chopper Pump quickly chops and blends manure in the reception pit, then pumps slurry to a storage unit. You enjoy easy, full control from the pump platform.	WE MADE LIQUID SYSTEMS WORK WITH THIS PUMP
		MANURE AS IS The Hedlund Hydraulic Piston Pump moves manure underground to your storage facility. All-weather system. The Hedlund Big Ten Pump delivers the capacity you need for best performance.	HYDRAULICS MAKE THIS SUPERIOR
		MANURE AS A SOLID Fast - up to 36 strokes per minute. Powerful, variable displacement pump uses less energy. Easy maintenance — no cellar or pit.	NEW CHECK THIS UNIQUE DESIGN

...HEDLUND GIVES YOU A CHOICE.
