**Hesston Beeline Baler...  
Model 4600 (14" x 18")**

This innovative baler is one of a kind with exclusive center-line design. Looks like no other you've ever seen...and builds the straightest, squarest bales on the market.

The Beeline Baler moves crop in a straight line from the pick-up until it drops out the back as a finished bale. It uses Hesston's exclusive preformed flake concept for better hay distribution throughout the bale. Positive bale length control maintains uniform-length...makes mechanical bale stacking easier and more precise.

The Beeline's unique design eliminates the need to move a row of bales when opening a new field or border. Also ends the need to switch from road to field position.
