

Mrs. Leroy Campbell mixes dozens of eggs at Wood Dairy in preparation for Guernsey Ice Cream Social.

Guernsey ice cream

(Continued from Page A33)

Six hundred gallons of mix were made which yielded 1184 gallons of ice cream. When the process was completed the milk was taken to a nearby plant to be frozen for Friday's event.

Women in the Association baked hundreds of cakes, tables and chairs were set up and then it was time to work the serving line.

Membership in the Mercer/NW Pa. Guernsey Breeders Assoc. numbers under 30, but with family members and Mercer 4-H County Council youth there is always plenty of help to serve the seemingly never-ending line.

The weather was perfect - not too hot, not too cold - and although there was no official tally Friday, it was decided by the officers that "over 4,000 were served". This is

not the most ever served. In 1961, approximately 4800 people tasted Golden Guernsey homemade ice cream at the annual social.

The proceeds from this enable the Guernsey Breeders to give awards to 4-H and FFA youth who show Guernseys and also help members with classification expenses.

If anyone was unable to attend the social this year - keep in mind it is always the second Friday evening in July. The Association has quite a record to boast about - the social has never been rained out!
