GOOD HAY AND FORAGE MANAGEMENT THE KEY TO HIGHER DAIRY FARMING PROFITS

At Sperry New Holland we're the world's leading producer of hay and forage equipment. That's because we understand how important dependable reliable equipment is to a farmer. And we've got more models with more features than anyone else. Stop in at your local SNH dealer today and ask for a demonstration.

Haymaking's
finest
9-footer.

Full-width conditioning rolls in the Model 489 Haybine® mower-conditioner are located in the main frame, not the header. The lighter header responds quicker to ground contours and greatly reduces knife and guard damage. The "489" is designed for operators who demand the very best.

Heavyweight.

The Model 892 is a big capacity pull-type forage harvester offered by Sperry New Holland. Built for big-tractor horsepower, the "892" can be used with tractors up to 175 horsepower. The optional METALERT™ electronic metal detector — a Sperry New Holland exclusive — reduces harvester damage and can cut down on hardware disease. The "892" is available with 12-knife or 8-knife cutterhead. Exclusive underbeveled knives never need rebeveling and make knife sharpening fast and easy. Flip-up feedroll makes shearbar adjustment easy.

There's a big choice of crop heads, including the exclusive, interchangeable 3-row crop head/windrow pickup, 2-row low-profile crop head, conventional windrow pickup, sickle-bar and ear-corn snapping heads. Under-knife baffles increase capacity. Like all Sperry New Holland machines, the "892" is backed by a service and parts system that's second to none.

Heavy duty
from hitch
to spout.

The Model 782 is built for heavy-duty performance. The 12-knife cutterhead chops uniformly, without a recutter screen. But for special crops and conditions, recutter screens are available. Check these outstanding features: Exclusive underbeveled knives eliminate the need for rebeveling. Flip-up feedroll makes shearbar adjustment easy. Choice of 540- or 1,000-rpm driveline. You have a big choice of cropheads, including one- and two-row, low-profile cropheads, windrow pickup, sicklebar and one-row, ear-corn snapping head.

Latest in the
best-selling
14" x 18" line.

It's the Model 316 from the baler leader.. Sperry New Holland. The 316 is built with extra rugged features to handle tough crops. It's designed to work hard and provide many years of dependable service.

Amazing.

The Sperry New Holland Model 30 1,000-rpm forage blower is more durable, compact and lighter-in-weight than most 540-rpm blowers. But its performance will amaze you. It features a 32-inch fan, bolt-on paddles and fan arms, an oil-filled gearbox on the Whirl-A-Feed™ table and much more. Stop in and let us demonstrate this amazing machine.
