

HERE'S YOUR FREE PROFIT HARVESTER CHECKLIST

Look for high performance
pull choppers with:

- ✓ Two models to choose from — 2 or 3-row harvesting capacity... up to 90" hay pickup
- ✓ 2 and 3-row crop heads with self-sharpening rotary cut-off knives and aggressive self-cleaning gathering belts to assure clean cutting and high capacity
- ✓ Row crop heads that easily interchange with either a 72 or 90-inch hay pickup
- ✓ Pickup attachments with low-profile, open end designs to get the crop others leave in the field
- ✓ Convenient electrical controls that eliminate ropes, levers and cranks
- ✓ Dual electric clutching to provide feed roll and gathering unit stop, start and reverse control with the "flick of a switch"
- ✓ Aggressive, positive-grip feed rolls that assure a uniform material mat for efficient, high capacity cutting
- ✓ Power efficient, fuel-saving, 12-knife cutter-head that can fine chop without fuel-robbing re-cutter screens

Look for all these advantages and find... Avco New Idea pull-type forage harvesters. See us soon for all the facts.
