

Larry Weyandt, of Morrisons Cove Livestock Market, purchased John Dowe's grand champion hog in Blair County for \$2.65 a pound.

For third consecutive year, Holli Pheasant, Williamsburg, had the champion lamb at Blair County 4-H & FFA Roundup. Larry, Jake and Scott Weyandt, of Morrisons Cove Livestock Market, purchased the 103-pound lamb for \$2.60 a pound.

Blair holds livestock roundup

BY PATTY GROSS MOCK
Staff Correspondent

MARTINSBURG — Williamsburg High School students claimed top honors at the annual Blair County 4-H and FFA Livestock Roundup held at Martinsburg Memorial Park August 23.

Fourteen-year-old Tom Harris, R.D.2 Williamsburg, earned a plaque and rosette for showing the grand champion steer. His champion Hereford competed with

26 other steers in the day-long judging.

The 1,205 pound animal was sold for \$1.40 per pound at the public auction that evening. Morrisons Cove Livestock Market had the high bid.

Lloyd Rhodes of Rhodes Meat Market purchased the reserve grand champion steer, owned by his son Kevin Rhodes, Martinsburg. The 1,080 pound Angus brought \$1.07 per pound.

The 27 steers sold for a total of

\$24,764, with the average price being 86 cents a pound. The total weight of the sale animals was 27,775 pounds.

Morrisons Cove Livestock Market also purchased the grand champion hog and lamb. John Dowe, 15, R.D.2 Williamsburg raised the 229 pound champion hog. The 4-H Swine Club member received \$3.60 per pound during the bidding war.

The judge kept the prizes in the (Turn to Page A17)

HIGH MOISTURE CORN VERSUS PENNFIELD COMPLETE FEED COMPARE — COST PER COW PER DAY

The Nutritional Requirements Are Based On A
**1400 lb. Milking Cow Producing 65 lbs. of Milk
with 3.8% Butterfat**

High Moisture Corn Program:

	Crude Protein	Energy (NE)	Cost/Unit	Cost Per Day

NATURAL MASTITIS TREATMENTS THAT WORK

Much repeat business by phone, mail orders, proves it works. It is rich nutrition in the mouth. Builds resistance. Combinations for stubborn cases. Economical. Treating the cause is better than treating the symptoms. 200 tablets only \$18.95 postpaid.

SAME WITH THE SOIL

Preventing bugs as we do with natural mineral fertilizer is better than spraying poisons on the cow feed (alfalfa) which is additional cost of spray and additional cow problem expense.

300 BU. CORN PER ACRE LAST YEAR WITH MICRO LIFE.

Our rock phosphate is very economical priced. Only \$110 per ton plus spreading because it comes bulk direct from mines without blending costs. Many happy customers. 27.7% protein haylage. Vegetables sweeter than the neighbor's because of more nutrition. Big double crop, both without fertilizer, but had our rock phosphate 2 years before. 200 bu. corn per acre in dry 1980. Our program holds the moisture because of looser soil and subsoil from live earthworms and micro-organisms which do more than dead ones killed by chemicals. Extremely low vet. bills because of better feed grown. Much more could be said but the above should convince anyone that obeying natural laws pays big dividends. Ask for literature.

All our products do best applied in the fall to condition the soil and decompose the organic matter. This is the reason our customers get such huge crops.
