

Talk to the man who knows forage handling systems.

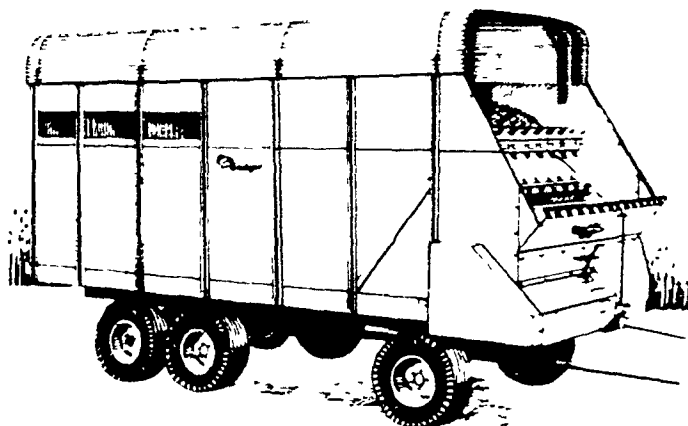

Badger has been building forage equipment for over 30 years. They know what it takes to make forage equipment that is **profitably** efficient. And they know what is needed to make forage farming profitable.

That's Confidence!

It's easy to understand why you'll never see a Badger Box in "the forage box graveyard."

You can't buy a better box than Badger's. Start with specially treated acid resistant exterior grade plywood, bolted to steel channel stakes. No nails anywhere. Add to that a tough welded and bolted undercarriage built to carry the big loads. Match all this with Badger's simple and reliable heavy roller chain drive, a beater design that delivers a smooth even discharge to the blower. And then mount it on Badger's own heavy duty single or tandem axle running gear and you've got a box that will stand up to the toughest punishment.
