Grade loose large and mediums fully adequate and increased offerings are being reported particularly on mediums from mid-west areas. Heavy class 1 are light and offerings spotty, however, lightweight class 1's, class 2's and 3's are fully adequate and any interest is easily filled. Undertone is steady.

The DeKalb Sex Sal brown egg layer is a remarkable layer. Weighing barely a pound more than a Leghorn, her egg laying potential equals that of the top white egg layers. Egg sizing and hen liveability are excellent. Feed efficiency is within 1/2 lb./doz. eggs of a Leghorn.
