

S U P E R HARVEST SPECIALS

September closeout specials on John Deere 40 Series tractors: finance charge waiver to March 1, '84, or up to \$1,850 in lieu of waiver

The supply of new John Deere 40 Series tractors is going, going, and will shortly be gone. So to get the new tractor power size you want at Super Special savings, act real soon.

Sticker prices on 40 Series tractors date from 1981, meaning big initial savings for you on a tractor that'll perform with higher-priced 1983 competitors. And you'll get our good deal to boot.

Here's more. During September, finance your new tractor with John Deere and you'll save \$100s or even \$1,000s. Because purchases made by September 30 are eligible for finance charge waiver to March 1, 1984. Or you can get a cash

rebate in lieu of waiver for the amount shown here.*

More yet. If you anticipate 1983 taxable income, buy your new 40 Series tractor now to take advantage of '83 Investment Tax Credit plus full-year depreciation to reduce your taxes. You'll shield income while greatly reducing actual cost of your new 40 Series.

Another option. Lease a new 40 Series tractor and lease payments will be discounted by an amount comparable to the finance charge waiver.* Use leasing to get modern power, plus tax advantages, even if your '83 taxable income is low.

MONEY OFF THE TOP TILLAGE DISCOUNTS

John Deere discounts these new tillage tools by 5 to 10 percent and waives finance charge to March 1, 1984

Just as you're getting into the fall/spring tillage season, John Deere announces a big dollar-saving offer on major tillage tools. Depending on the tillage tool you buy (see the chart), your dealer will deduct 5 or 10 percent from the latest base machine price. For example, the discount on an 18 1/2-foot 235 Disk would save you more than \$1,100.

On any of these you can save even more by financing with John Deere. Finance charge will be waived to March 1, 1984, for qualified buyers.*
