

Here's the proof

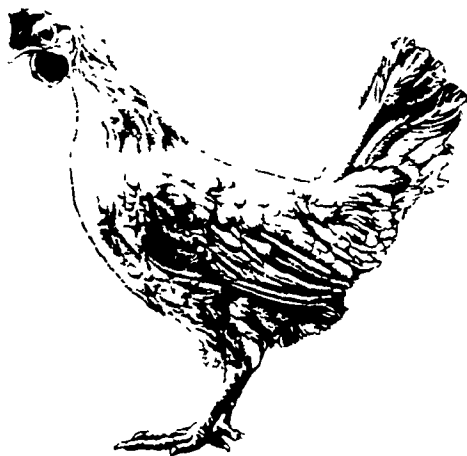

Pennfield's Egg-O-Nomic layer program works.

Look over these performance records and see for yourself

With Pennfield's Egg-O-Nomic Layer Program, your flock can perform like the ones shown above. These recent records show an overall performance of 3.33 lbs. of feed per dozen eggs and 77.41% hen-day production. They averaged 259.64 eggs per hen housed in 349 days, and 21.65 lbs. of feed per 100 layers per day.

We would like to work with you to make the best of your housing, your feeding program, and your layers' potential. We can help you develop a custom feeding program that will give you your best bottom line.
