Giant capacity.

The heart of the 250-hp Model 1900 chopper is a massive 12-knife cutterhead that's 25½-inches wide. Exclusive underbeveled knives never need rebeveling. And the exclusive Metalert™ electronic metal detector prevents costly damage to the cutterhead by detecting ferrous metal objects and stopping the feedrolls and attachment drive before they reach the cutterhead. Exclusive flip-up feedrolls make shearbar adjustment easy. Exclusive interchangeable cropheads are ideal for the farmer/rancher who chops both windrowed crops and row crops. Stop in soon and let us show you all the features on both Whopper Choppers — the Model 1900 and the 325-hp turbocharged Model 2100.

There's no competition

The Sperry New Holland Model 1600 is, without question, the biggest-capacity pull-type forage harvester you can buy. In fact, it can out-cut most self-propelled foragers for about one-third the cost.

If you have a big horsepower tractor, and want to get more return on your tractor investment, the Model 1600 is definitely for you.

It'll handle three-row or four-row wide and narrow cornheads as well as windrow pickups. It can also be equipped with a four-row ear corn snapper head.

Stop in for more details on the Model 1600. It's the newest member of North America's best selling forage line.

Heavyweight.

The Model 892 is the biggest capacity pull-type forage harvester offered by Sperry New Holland. Built for big tractor horsepower, the 892 can be used with tractors up to 175 horsepower.

The optional METALERT™ electronic metal detector — a Sperry New Holland exclusive — reduces harvester damage and can cut down on hardware disease. The 892 is available with 12 knife or 8-knife cutterhead. Exclusive underbeveled knives never need rebeveling and make knife sharpening fast and easy. Flip-up feedroll makes shearbar adjustment easy.

There's a big choice of crop heads, including the exclusive interchangeable 3-row crop head, windrow pickup, 2-row low profile crop head, conventional windrow pickup, sicklebar and ear corn snapping heads. Under knife baffles increase capacity.

Like all Sperry New Holland machines, the 892 is backed by a service and parts system that's second to none.

Maneuverable. Reliable. Affordable.

The Sperry New Holland Model 707 forage harvester is an economical tractor mounted harvester that features a rugged 9 knife cutterhead, built-in knife sharpener and extra strength all over! This highly maneuverable harvester gives you excellent traction in wet fields. It's also available with windrow pickup.

Heavy duty from hitch to spout.

The Model 782 is built for heavy duty performance. The 12-knife cutterhead chops uniformly, without a recutter screen. But for special crops and conditions, recutter screens are available. Check these outstanding features:

Exclusive underbeveled knives eliminate the need for rebeveling.

Flip-up feedroll makes shearbar adjustment easy.

Choice of 540- or 1,000-rpm driveline.

Big choice of cropheads, including windrow pickup, one- or two-row low-profile cropheads, sicklebar and one-row, ear-corn snapping head.
