

Talk to the man who knows forage and manure handling systems.

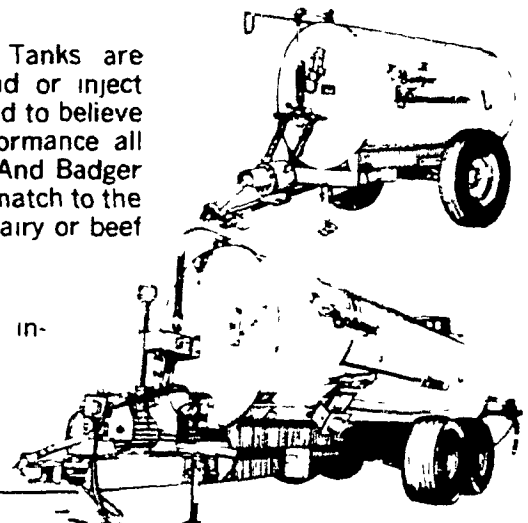

Let Badger Northland help you with your manure handling needs.

Here's a Badger Spreader with more capacity and a guarantee that can't be beat!

That's why Badger designed their BN3210 and BN3260 Manure Spreaders with extra struck level capacity. The 3210 has a 220 bushel heaped capacity, 143 cu. ft. struck capacity. The 3260 holds 260 bushels heaped and 166 cu. ft. struck.

Badger Northland Vacuum Tanks are versatile! They'll load, spread or inject efficiently and quickly. It's hard to believe you can get this much performance all from one tank, but it's true. And Badger offers four sizes that you can match to the size and needs of your hog, dairy or beef operations.

All units are available with injectors as an option.

- **TANKS** from 1,000 to 5,000 gallons.

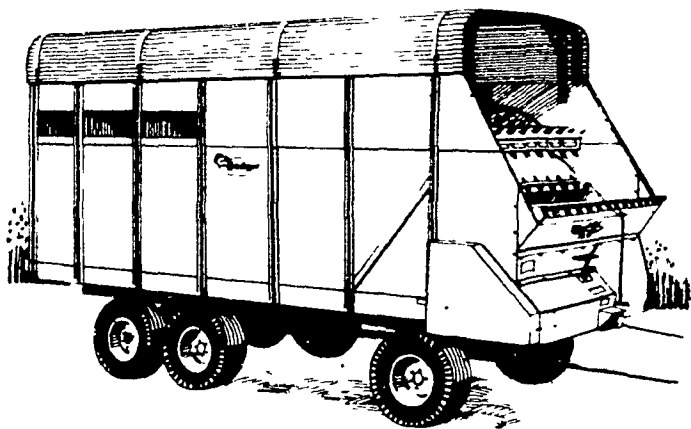

- **MANURE SPREADERS** - 3 Sizes (210 Bu., 260 Bu., 330 Bu.)

- **PUMPS** for Pit or Lagoon Storage

- **TRANSFER PUMP** to handle Stall or Liquid Manure.

Badger has been building forage equipment for over 30 years.

You Can't Buy A Better Forage Box Than Badger's.

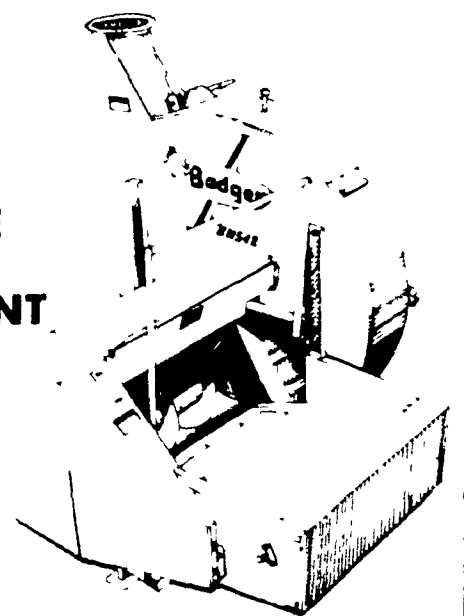

Start with specially treated acid resistant exterior grade plywood, bolted to steel channel stakes. No nails anywhere. Add to that a tough welded and bolted undercarriage built to carry the big loads. Match all this with Badger's simple and reliable heavy roller chain drive, a beater design that delivers a smooth even discharge to the blower. And then mount it on Badger's own heavy duty single or tandem axle running gear and you've got a box that will stand up to the toughest punishment.

Get non-stop silo filling with a **Badger Northland Blower!** Capacity: No Silo Too High

WAIVER OF FINANCE on **ALL FORAGE EQUIPMENT** till **APRIL 1, 1984**
