Take the White Farm shortcut

White Farm knows the shortest way around a single point—it's a 137 to 181 hp Field Boss with a Power Front Axle (PFA). And it's a shortcut that saves you time and energy.

That's because you get 4WD efficiency with a turning radius of just 13.2 feet. Compare specs, you'll find that's shorter than similar size tractors from other major manufacturers. And White Farm has over 20 years experience with mechanical 4WD.

The White Farm PFA works full time—in both forward and reverse. You also get adjustable tread and excellent crop clearance for late season work in most row widths.

Take a 2-135, 2-155 or 2-180 with PFA for a test drive around the lot. You'll quickly see why the White Farm shortcut means real savings.
