

Venango honors livestock buyers

BY NANCY KUNICK
Staff Correspondent

FRANKLIN — The second annual Buyers Appreciation Dinner was held Saturday evening Oct. 8, at the Venango Co. fairgrounds.

Livestock 4-H members honored the buyers of their market projects

with a buffet dinner. The food was donated by 4-Hers families and the pork, lamb and beef served was purchased by the Livestock Club from Gahrs Market.

After the dinner, recognition awards were presented. Sue Metz, of R1 Utica, was the recipient of a

floral arrangement by members of the Livestock Club. She was honored for her hard work and guidance as treasurer of the Club. She noted that she seems to be a jack-of-all-trades, but enjoys it all.

Appreciation was also shown to the news media, auctioneers and those who donated fencing for the seventh annual 4-H market livestock sale at the Venango County Fair in August.

The most important facet of this sale centers on the generous buyers and they were shown the club's gratitude. Each buyer received a ribbon symbolic of the animal they purchased. They are encouraged to display these in their business establishments. A special thanks went to the "Big 3"; Fryburg Roller Mills, Mowry Meats and Titusville Agway. They were the three biggest spenders at the August sale.

Dale Steadman, spokesman for the evening, told buyers that the

quality of market animals has been climbing steadily as interest has grown. The fairgrounds has also expanded with new buildings being constructed, including the Phillips Arena. This is an immense improvement for the show and market sale. Until two years ago, these were held outside.

The Livestock Club of 4-Hers has also realized a need for a P.A. system. Financing for this came from a "resale of a few animals at the Livestock Sale. These donated bids by First National Bank, Fryburg Roller Mills and a group

of Titusville farmers along with other monies will fulfill this need.

Following the dinner and award presentations, the near 200 people present were entertained by Venango 4-Hers with a slide show they had created. They are available to speak to groups in the area and have done so several times to promote 4-H. Theresa Gawrys and Jinnie Wilcox (8 yrs. ea. in 4-H), Christy Shaffer and Carl Nelson (3 yrs.) and Jennifer Garfield (4 yrs.) narrated the entertaining show of 4-Hers in action at the Venango Co. Fair.

Theresa Gawrys presents ribbons to Leo Gahr of Gahrs Market, purchaser of Grand Champion pair of lambs for \$1.45 per lb.; Frank Yurkanin of Fryburg Roller Mills, buyer of grand champion steer for \$1.60 per lb. and the grand champion hog at a new record of \$5.50 per lb. George Hall, of Franklin's First National Bank, receives ribbons from Jinnie Wilcox. The bank bought the reserve hog at a record breaking \$3.50 per lb. and the Champion lamb at a new record of \$5.75 per pound. Not present for the photo were Titusville Agway (Res. Ch. lamb and Res. Ch. steer) and Mowry Meats (Res. Gr. Ch. pair of lambs).

Jim Kitelinger of Oil City; and Darrin Shaffer, of Titusville; present gift to Sue Metz on behalf of 4-Hers in the Livestock Club.

THE REASON OUR CUSTOMERS GET SUPERIOR CROPS IS BECAUSE OF SOIL CONDITIONING PREVIOUSLY.

Olympians don't wait until the day of the race to condition their bodies. They eat natural instead of junk, toxin producing food. Same with the soil. It rewards generously if conditioned with natural food. When the wind blew and beat up that stalk it fell not. When the drought comes and the sun beats upon it, it is not so much scorched because it has depth of earth (from the earthworms) and deep root to get subsoil moisture, and withereth not away, but forthwith springs up and beds fruit a hundred fold if you have ears to hear, use them.

A FLORA LIFE CUSTOMER HAD 300 BUSHEL CORN PER ACRE IN 1982. Several witnesses. Soft rock phosphate customers had 200 bushel per acre in 1980 in very dry New Holland area.

Our best selling soil conditioner is only \$8.25 per acre. All are best applied in fall, sooner the better, to condition the soil. Ask for free literature.

A Natural Mastitis Treatment That Works

It is rich nutrition in the feed. Costs only about \$2.75 per day. 2 feedings usually knocks it out except in old prolonged cases. Even those sometimes when drugs have failed it is Light Force Spirulina, an algae that grows on water. Extremely rich in vitamins, minerals, trace elements, amino acids, Chlorophyll and enzymes. It supplies the missing elements. Makes cows resistant. It is double purpose - nourishing the cow and treating the cause, not just the udder or symptom. Farmers say helps improve sick cows in a few hours.

200 Tablets... \$18.95 Postpaid

Good repeat orders prove that this mastitis treatment works. We also have another excellent natural product to use in combination for very stubborn cases and sick cows. Free literature. Dealerships available for both these becoming popular products.
