

Livestock market and auction news

THE OLD FARMER'S ALMANAC

OCT. 17-23, 1983
Burning wood smells so good.

Chipmunks start hibernating. Incandescent electric light invented by Thomas A. Edison Oct. 21, 1879. Full moon Oct. 21 (Fri). Average length of days for the week 10 hours 52 minutes. United States acquired Alaska from Russia Oct. 18, 1867. Confederate troops robbed St. Albans, Vt., banks of \$200,000 and escaped to Canada Oct. 19, 1864. N.C. Wveth died Oct. 19, 1945. *The naked truth needs no fig leaf.*

Ask the Old Farmer: Is dew a weather indicator? H.F., San Diego Cal.
For the very short term: Dew on grass at night or in early morning is a sign of fair weather. It forms only when air is dry and skies are clear.

Home Hints: To remove grease stains from suede jackets, bags, shoes, etc., sponge with a cloth dipped in vinegar. Then, when suede is dry, restore the nap by brushing with a stiff bristled brush.

OLD FARMER'S WEATHER FORECAST
New England: Clearing and mild to midweek rain, snow in mountains into weekend, cold some sleet to close week.
Greater New York-New Jersey: Cloudy and cool most of the week, clear and warm weekend.
Middle Atlantic Coastal: Clear and warm through midweek, then showers, cool temperatures week's end.
Piedmont & Southeast Coastal: First part of week is clear and seasonable, cloudy, cool, rain west remainder of week.
