Eastern Pa. & N.J. Poultry

Thursday, November 3
Report supplied by USDA
Market Comment: Prices continue their upward trend. Offerings of live are light and confidently held where available. Plants are operating as much as possible but are finding it difficult to run full schedule. Canner pack demand is good.
Prices Paid at Farm:
Light Type Hens: 15-16, mostly 15½-16.
F.O.B. Plant: 18-19, mostly 18½-19.

Delmarva Poultry

Thursday, November 3
Report supplied by USDA
Market Comment: RTC movement on whole birds remains fairly good overall although there is an occasional plant which has some additional product. Leg and leg quarters are well cleared and advanced interest remains strong on these items. Cutlets are moving fairly well overall while breasts are generally adequate but clearing satisfactory. Wings remain fully adequate. Overall slaughter is moderate. Weights are very irregular as some plants have lighter than desired weights while others are running into just the opposite. Undertone steady.
Today's L.T.L. asking prices are held unchanged on U.S. Grade A at 53-.58 cents.
Estimated slaughter of broiler fryers in Delmarva (000).
Estimated 11/3 1,780; Actual 10/27 1,846; Actual 11/1 1,866; Average Weights 11/1 4.35; Average Weight 10/25 4.28.

Philadelphia Eggs

Thursday, November 3
Report supplied by USDA
MARKET COMMENT: Prices are unchanged to higher. Cartoned egg movement is good as retail features and 1st of month business continue to generate fairly heavy orders. Advanced inquiry is fairly good but most traders note a lighter degree of promotions for next week. Buying interest for class 1's and 2's is fairly active and some dealers note differences in getting covering for arrivals early next week. Mediums are moving into a better balance in most quarters as the demand has lessened to some degree and some are packing light weight large in medium cartons. Extra large are fully adequate and jumbos are about adequate and traders now have little if any problem in buying additional product.
Prices to retailers; sales to volume buyers, consumer grades white eggs in cartons delivered store door:
A Extra Large .78-.82; A Large .77-.81; A Medium .72½-.77.

The P & L Service Program is an important part of every DEKALB flock's profitability

Profitable pullets and layers are what the DEKALB P & L Service Program is all about. It's an easy way to achieve optimum genetic potential from your DEKALB DK* or XL-Link* chicks.
Body frame measurement Sanitation Vaccinating Lighting. Weighing. Performance goals. The P & L Service Program covers them all, beginning three weeks before your DEKALB chicks arrive and continuing through their entire production cycle. Plus, the P & L program is compatible with most self-designed service programs.
A production program that's free, easy and available with every flock of DEKALB DK or XL-Link chicks. Ask your DEKALB representative about the P & L program.
