Badger POW-R-TRAC Unloader

Extra weight. Extra capacity. Extra performance for top unloading silos. That's what Badger's Pow-R-Trac Unloader is all about.

The Badger Pow-R-Trac is built better than other models with extra iron and extra weight to unload evenly, top to bottom. Match that extra weight with its hardened knives over the full length of the rugged auger and a digger wheel that shaves silage off the walls, and you've got an unloader that will chew through even the toughest hard packed or frozen material.

* Qualified Buyers Only

You Can't Buy A Better Forage Box Than Badger's

Start with specially treated acid resistant exterior grade plywood, bolted to steel channel stakes. No nails anywhere. Add to that a tough welded and bolted undercarriage built to carry the big loads. Match all this with Badger's simple and reliable heavy roller chain drive, a beater design that delivers a smooth even discharge to the blower. And then mount it on Badger's own heavy duty single or tandem axle running gear and you've got a box that will stand up to the toughest punishment.
