Find the one Safeguard equipment can't protect!

It's impossible. Because, whether you raise rabbits, pheasants, chickens, quail—or any other type of small animal or gamebird—Safeguard products provide lifelong protection.

There's the economical, modular Series 1200 cage. Or the rugged, space-saving Model 190 multi-stacking enclosure system. Feeders, drinking valves and countless other accessories. Plus 100 ft. rolls of galvanized wire mesh for the do-it-yourself-er.

They all reflect Safeguard's engineering and design philosophy—to help your

animals and birds thrive in a sanitary, protected environment.
