Badger Northland's New Tumble-Mix Feed Weigher/Mixer

Get more from your feed . . . more from your cattle!

With nearly 30 years of experience in the feeding efficiency business, the folks at Badger Northland know that complete blended rations are the way to go for increased production and profits in your feeding operation. That's why they're introducing the Tumble-Mix Feed Weigher/Mixer system. Built simple, yet rugged and efficient, the Tumble-Mix will give you a more thorough mix thanks to its unique rotary action without overmixing or separation. Corrosion problems are virtually eliminated because the Tumble-Mix empties all the feed into your conveyor. And

because of Tumble-Mix's low horsepower requirement and fast mixing action, it's energy efficient! Tumble-Mix is available in two sizes to fit your needs. Choose from the BN4180, 3,600 lbs capacity - 180 cu ft or the BN4100, 2,000 lbs capacity - 100 cu ft. Whichever Tumble-Mix you choose, you'll get your production and profits rolling the right way - right away. See your Badger Northland Dealer soon. Find out why he's "setting the standards" with the best line of feed handling equipment in the business.

Less wear and tear on transfer equipment. (Makes your manure spreader's job easier!) The large pneumatic swivel caster adds greater maneuverability, too!

Available in your choice of 7.5 h.p. gas engine or 3 h.p. electric power.
