

Pumpkin Winners Named

ELVERSON — Recently the Twin Valley FFA chapter held their annual pumpkin judging contest for the elementary schools in the district. The pumpkins were judged in two areas, heaviest and best decorated.

In the best decorated at Robeson school, placing in the first grade was Timmy Hart, 1st; Jennifer Kennedy, 2nd. In second grade, Denise Maetin placed 1st, and Shannon Ellwanger was 2nd. In third grade, Lori Reed was 1st. Placing in 4th grade was Kelly Kennedy, 1st, with Brian Adire placing 2nd and Chris Zollers placing 1st in the fifth grade.

In sixth grade, 1st place went to Darrel Amey, Lcristen Kiem placed 2nd, and Julie Martin placed 3rd with her pumpkin. In the heaviest category Sherry Reed placed 1st with a pumpkin weighing in at 95 lb.

At T.V.E.C. placing in the heaviest area was 1st place Brent King, 2nd place Mike Klopp, 3rd place Julie Fox. In fifth grade, Dean Coulson placed 1st and Danaan Baolini placed 2nd. Placing in sixth grade was 1st Ryan Rittenhous, with Chuck Stoltzfus coming in second. In the best decorated category placing in 4th grade was Sam Ostan, 1st;

Michelle Rice, 2nd; and Greg Daily was 3rd. In fifth grade, Kendra Stoltzfus placed 1st, John Layton was 2nd, and Cheryl Trate was 3rd. And in 6th grade, Maureen Hogan placed 1st, with Keith Rice placing 2nd.

At the Honey Brook Elementary school in the best decorated area in 6th grade was Steve Griffin, 1st; Kendra Fiorention 2nd. In fifth grade, Paula Rogivich placed 1st and in fourth grade Kevin Malone placed 1st.

The two trophy winners for this year were Kendra Stoltzfus for best decorated and Sherry Reed for the heaviest pumpkin. The students will receive their trophies at the Twin Valley FFA banquet sometime in March.

THE DREADED AVIAN INFLUENZA

Why do broilers get it mostly near market age and pullets not until later? Easy and simple answer - broilers lose resistance because of too many drugs. Pullet owners drugs are not good for a long life. Strong bodies from natural supplements instead of drugs is the obvious answer for the flu. We have 3 outstanding natural products that make so much difference in feed efficiency, production, health and less mortality that it pays well to feed them without even considering disease prevention. The prevention would be more than free!! Why not take advantage, at the price of eggs versus loss of birds?

SAME FOR ALL OTHER LIVESTOCK

Excellent for health and ailments of all kinds. A dairyman reported 7 percent fat increase and dropped back to former when he quit. One reported increase from 3.75 to 4 percent in 6 weeks of October and November. Same product, average milk increase of 500 to 600 lbs. in lactation in addition to increase in fat. It much more than makes up for milk price loss. It is all natural, that is why. A related product is great for calves and sick cows. Makes them resistant, the way our mastitis treatment works

A Natural Mastitis Treatment That Works

It is rich nutrition in the feed. Costs only about \$2.75 per day, 2 feedings usually knocks it out except in old prolonged cases. Even those sometimes when drugs have failed. It is **Light Force Spirulina**, an algae that grows on water. Extremely rich in vitamins, minerals, trace elements, amino acids, chlorophyll and enzymes. It supplies the missing elements. Makes cows resistant. It is double purpose - nourishing the cow and treating the cause, not just the udder or symptom. Farmers say helps improve sick cows in a few hours

200 Tablets... \$18.95 Postpaid

Good repeat orders prove that this mastitis treatment works. We also have another excellent natural product to use in combination for very stubborn cases and sick cows. Free literature. Dealerships available for both these becoming popular products
