

DVC plans floral show

DOYLESTOWN — As part of its continuing community lecture series, the Delaware Valley College Ornamental Horticulture Department in conjunction with its Floral Society will host Edward L. Lindemann, Staff Horticulturist and Flower Show Designer with the Pennsylvania Horticultural Society.

This program will be held on Wednesday, Jan. 25 at 7:30 p.m. in the all-purpose room of the College's Student Center. His presentation is titled "Countdown to Spring— Behind the Scenes at the Philadelphia Flower Show". The program is open to the public free of charge. Lindemann's program will feature a multi screen slide presentation.

Delaware Valley College is located on Route 202, one mile west of Doylestown.

As designer of the world's largest indoor flower show, Ed Lindemann is responsible for arranging a five acre floor plan for over 100 major exhibits and designing the aesthetic features of the show.

Lindemann joined the Society as Staff Horticulturist in 1972 and became Flower Show Designer in 1980. He previously worked as a landscape designer.

Lindemann lectures on various horticultural topics and writes

regularly for Green Scene magazine, published by the Society. Since 1975, he has conducted a regular segment on Philadelphia's award-winning children's "Captain Noah Show" on ABC-affiliated WPVI-TV entitled "A Child's Garden."

A noted graphic designer, Mr. Lindemann has designed many brochures, programs and flyers

and is the illustrator of Indoor Gardening in the Classroom, a teaching guide for upper elementary and middle school students.

The versatile designer received a Bachelor of Science degree in Ornamental Horticulture from Delaware Valley College of Science and Agriculture.

Lindemann is a member of the Delaware Valley Chapter of the National Council for Therapy and Rehabilitation Through Horticulture, The Garden Writers Association of America, the American Association of Botanic Gardens and Arboreta. He is a director of the Friends of Laurel Hill Cemetery.

DASHING THROUGH THE SNOW

10.5% Financing With Approved Credit

The storm will pass. And thankfully, so will you with a Kubota snowblower.

We have snowblowers that attach to most Kubota diesel tractors, and they are a cinch to operate. They clear snow from driveways, roads or parking lots. Break up and clear heavy drifts. And the large diameter chutes give you

excellent control of casting distance. So next time the forecast calls for snow, relax. It'll blow over. With a little help from Kubota.

Nothing like it on earth.™
