

Farm Show sheep champions named

BY LAURA ENGLAND
 FARM SHOW — Corriedale, Rambouillet and Merino sheep were in top form Monday night as they paraded in front of judge Judy Moore, of Michigan, vying for championship titles.

Placing much emphasis on the quality of the wool, Moore placed her classes according to the uniformity of the fleece and the overall condition of the animal itself.

Carrying the best of characteristics in the Corriedale class were the grand champion ewe owned by Charles McCrae of Box 96 Mohnton and the grand champion ram owned by Emil Mellott of R1 Needmore.

Mellott, of Fulton County, won the ram title with his 1-year-old entry. Raising Corriedales since 1950, Mellott owns about 100 bred

(Turn to Page B19)

Champion Merino ewe honors went to this ewe owned by Charles and Barbara Platt, of Gettysburg.

Geoff Powell helps his mother, Doris, pose their champion ram of the Rambouillet Show.

With plaque in hand, Lewis Crouse of Graysville shows off his champion Merino ram.

Farm Show

Doris Powell, of Rome, sets up her champion Rambouillet ewe.

THE DREADED AVIAN INFLUENZA Care Free Water Conditioners

(True to name) one answer for healthy poultry, livestock & family. Only \$140 to \$290 according to size. No electricity or maintenance. Other very outstanding products to save poultry. Money back guarantee. Free literature on all products.

Pullet Owners - Drugs are not good for a long life. Strong bodies from natural supplements instead of drugs is the obvious answer for the flu. We have 3 outstanding natural products that make so much difference in feed efficiency, production, health and less mortality that it pays well to feed them without even considering disease prevention. The prevention would be more than free!! Why not take advantage, at the price of eggs versus loss of birds?

SAME FOR ALL OTHER LIVESTOCK

Excellent for health and ailments of all kinds. A dairyman reported .7 percent fat increase and dropped back to former when he quit. One reported increase from 3.75 to 4 percent in 6 weeks of October and November. Same product, average milk increase of 500 to 600 lbs. in lactation in addition to increase in fat. It much more than makes up for milk price loss. It is all natural, that is why. A related product is great for calves and sick cows. Makes them resistant, the way our mastitis treatment works.

A Natural Mastitis Treatment That Works

It is rich nutrition in the feed. Costs only about \$2.75 per day, 2 feedings usually knocks it out except in old prolonged cases. Even those sometimes when drugs have failed. It is **Light Force Spirulina**, an algae that grows on water. Extremely rich in vitamins, minerals, trace elements, amino acids, chlorophyll and enzymes. It supplies the missing elements. Makes cows resistant. It is double purpose - nourishing the cow and treating the cause, not just the udder or symptom. Farmers say helps improve sick cows in a few hours.

200 Tablets... \$18.95 Postpaid

Good repeat orders prove that this mastitis treatment works. We also have another excellent natural product to use in combination for very stubborn cases and sick cows. Free literature. Dealerships available for both these becoming popular products.

For top corn yields
 this year!

UNIPEL[®]

21-7-14

fertilizer!!

It meets the changing needs of most soils and supplies the ratio of Nitrogen, Phosphate and Potash...to maintain a favorable plant-nutrient balance for top grain and forage production.

Pelleted UNIPEL 21-7-14 is an ideal fertilizer for the grower who wants a Uniform Single Application of a complete fertilizer on corn in Spring or Fall. It's especially good for programming high yield corn for grain, or for silage, and for corn/soybean rotations.
