served as many of her Christmas gifts. Connie is also active in Farm Women Society 31.

The Mechanic Grove Church initiated a class for handicapped children, which Connie teaches. She explains, "We became aware

of families in the community who were not going to church because their children couldn't go into the regular classes." Having worked at the Elizabethtown Children's Hospital, Connie says she feels comfortable teaching the class. She also has a physically handicapped brother and nephew. She provides a lesson and a craft during the Sunday School hour and others provide care during the

church service. Those who bring their children do not need to attend church services there.

Since they rarely get away in the summer, the family enjoys going skiing in the winter, something every member likes. Connie pointed out that Ken skied before she met him and he taught her. Her youngest child learned when he was four years old.

Ida's Notebook

Ida Risser

Within a few days, we will have our 36th wedding anniversary. When I think back to that Saturday in 1948, I and many other people still remember the big blizzard that we had that day. Some people never got to the church and some almost froze getting home from the wedding as their cars were stuck in drifts. There was no question about whether we'd start on our two week trip to Florida that day. We were simply glad to have a roof over our heads and postponed the trip until the next day.

We planned to move into an old house that had no electricity, no heat and no water. It was several weeks before the house was liveable. My husband and a friend wallpapered the rooms. We bought an electric stove, a refrigerator and four chairs and a table. He owned a car and I owned a bedroom suite. We set up wood and coal stoves in the kitchen and livingroom and moved in.

I carried water from the well in the lower corner of our yard and washed dishes in a pan on the table. On Saturday nights, we took a sponge bath with a basin of water after heating it on the little stove. I was so happy when my husband got water piped to the basement of our house as by that time I had diapers to wash. It was years

before we had a bathroom and five of our children were raised in a house without central heating. The sixth one wasn't any healthier for not having little blue fingers in the mornings.

My husband had one cow, one heifer and two calves on our rented farm. He borrowed machinery to work the fields and raised sweetcorn, cabbage and cauliflower as cash crops plus tobacco.

Come to think of it, we have come a long way, but it has been a lot of work!

Saturday, Jan. 21

Lancaster Society 3 meets for entertainment by members and a report of the state convention. Lancaster Society 18 meets at the home of Mrs. I. Wayne Brubaker, 1290 Rohrerstown Road. Mrs. Ralph Sensenig will present a program on safety.
