

**WHEN YOU PAY FOR
IT SHOULDN'T HAVE**

**Lasso[®] delivers full-season
grass control with
less herbicide stress.**

Studies have shown that high performance herbicides can cause herbicide stress to corn and soybean plants.

But there is a full-season herbi-

cide that puts less stress on your crops. Lasso[®] herbicide stresses young crops less than other grass herbicides.

And that fact can make a difference for you next harvest. Because the less stress on your crop, the better your yield will be.

Lasso provides full-season control of foxtails, fall panicum, crab-
