## Farm Bureau lists payments

Souderton, Pa. — The Bucks Farm Bureau, based in Souderton, has announced payments of over \$200,000 to members and stockholders in the form of dividends and patronage refunds. The announcement was made at annual meetings held throughout Pennsylvania during February by the board of directors.

Farm Bureau Cooperative achieved sales of \$25 million and earnings of \$320,000 in 1983. The increases in volumes and earnings were attributed to increased volume in feed sales and grain marketing.

The seven Farm Bureau retail stores located throughout Pennsylvania showed continued growth and profitability. Poor growing conditions and the payment in kind program reduced plantings and member purchases.

During the fiscal year, Farm Bureau was able to come to the aid of a large segment of the Pennsylvania poultry industry by fin-

ding markets for one million broilers during the Mandata Bankruptcy proceedings. Farm Bureau was cited for appreciation by the growers and many agriculture industry organizations.

General Manager of Farm

Bureau, Michael Zapach, commented that in the 47 years of Farm Bureau's existence, the cooperative has returned more than 6.5 million dollars to its stockholders and patron members in the form of dividends and patronage refunds.

## Midwest offers Hoover bull

SHAWANO, Wis. — A Holstein bull calf, acquired from Dale W Hoover, Martinsburg, has been released for sampling from Midwest Breeders Cooperative.

The newest offering from the Wisconsin-based cattle breeding cooperative is 21H845 Hi-De-Ho Twin-Lawn Jason.

Hi-De-Ho was sired by Twin-Lawn Elevation Jason, who has January 1984 USDA credentials of +1199M, +30F, +\$128. Combined with his maternal grandsire, Penstate Ivanhoe Star, Hi-De-Ho has a Pedigree Index of +611M, +19F, +\$71, and a Genetic Index

of +653M, +26F, +\$86.

Hi-De-Ho's dam is Simpsons Star Doreen, VG-88. She has a current Cow Index of +108M, +22F, +\$45. As a five-year-old, she had a 305-day lactation of 26,590 pounds of milk, 1,084 pounds of fat, and a 4.1 percent fat test. In five lactations, she has averaged 4.2 percent in fat test.

Hi-De-Ho is now housed at the Midwest Breeders' young sire housing facility in Stewartville, Mn. He is one of about 100 high genetic potential young sires sampled each year in the Shawano, Wis.-based cooperative's program.

## ATTENTION DAIRYMEN

**STOP LOSING COWS  
A LITTLE MONEY NOW  
FOR GROOVING CAN  
SAVE LOTS OF MONEY LATER**

The TMI "EDGE" provides clean, straight grooves in feed alleys, freestalls, holding lots and corners for improved traction, heat detection and drainage and the reduction of broken bones and splitting.

## Fiberdome INC. ...made to last

P O Box 11 Lake Mills, WI 53551

Fiberdome Storage Bin

Fiberdome Forage Funnel

Fiberdome Feed Cart

Fiberdome Calfhutch

### MADE TO LAST WITH FIBERGLASS — from FIBERDOME

Fiberglass is practically dent proof. Stands up to long periods of hard use. Contents stay fresh because fiberglass absorbs little or no heat. Because there is very little condensation on the inside, moisture cannot alter the contents of material being stored. Fiberglass is rust resistant. Acids and salts can't hurt it.

Economical to Use • Simple to Install • Easy to Operate • Eliminates Dirty Chutes • Directs Flow of Feed • Saves Wear on Silo Chutes • Adapts to Any Make Silo

The only all fiberglass feed cart • Buff exterior white gel coat interior • 14 bushel capacity (4.93 Hectoliters) • Immune to silage acids does not rust • Easy to load, unload and sanitize

Insulation value provides warmth in winter while remaining cool in summer. Hutchers may be nested for compact storage. Hutchers are easily moved by use of firmly imbedded I bolts. Studies show respiratory problems disease and calf mortality are reduced when hutchers are properly used.

Fiberdome Cattle Waterer  
Get a cool, clean and constant water supply using no energy.

With the MIRAFOUNT Waterer from Fiberdome you'll have the finest operating, lowest cost energy and money saving livestock waterer on the market today. The thermal engineering and special design of the seal corks enables MIRAFOUNT to work in all kinds of weather.
