

Tax session on Monday

FLEMINGTON, N.J. — The how-to of filling an I.R.S. schedule F form will be the subject of the Monday meeting of the Hunterdon County Sheep Breeders' Association, according to Richard Betts, vice-president and program chairman. Speaker will be Rachel Matto of H & R Block.

Rachel Matto is the farm tax consultant in the Flemington office of H & R Block. She will discuss the do's and don't's, provide up-to-date

information on I.R.S. regulations as they pertain to farm operations. She will emphasize the small farm, the part-time operation.

The Sheep Breeders' meeting, held monthly in the Hunterdon Extension Center, begins at 8 p.m. It is open to everyone interested in the Schedule "F" regulations and having an opportunity to ask questions of one of the leading tax authorities in the area.

Estate, tax specialist named

YORK — Robert E. Clofine, General Manager of the York Farm Credit Service, has announced the recent appointment of Robert Clofine to the position of Business, Estate and Tax Planning Specialist for the York Associations.

In this position, Clofine will be

implementing a new Business, Estate and Tax Planning Service to be offered by the York Associations to members in its six-county servicing area. The program is structured to help Association members understand income tax, retirement, business and estate planning concepts, assist them in selecting alternatives which are consistent with their personal and financial objectives, and accompany them through the implementation of their plans with their personal attorney.

Clofine is a 1978 cum laude graduate of Villanova University and a 1982 cum laude graduate of the University of Pittsburgh School of Law. He was previously employed by the law firm of Gefsky & Lehman in Pittsburgh.

STRAY VOLTAGE SOLUTION

The **HAMMOND TINGLE VOLTAGE FILTER** is a new development in the technology of stray voltage reduction. The **TINGLE VOLTAGE FILTER** has recently been installed on the following dairy farms.

BEN JACKSON FARM
COLUMBIA CROSS ROADS, PA.
Before installation had 2.5 volts at peak times, this was reduced to .04 volts with installation of the Tingle Voltage Filter.

WILLIAM EICK FARM
COLUMBIA CROSS ROADS, PA.
Before installation had 3.5 volts at peak times was reduced to .14 volts with installation of the Tingle Voltage Filter.

The **TINGLE VOLTAGE FILTER** is safe, effective, permanent, inexpensive and are completely maintenance free.

If installed with Dairylands Stray Voltage Indicator permanently will show electrical faults before they become hazardous.

Dealers Wanted: To sell and install this fast moving, much needed product in your areas.

Qualifications: Must have complete electrical knowledge of dairy farm equipment, and electrical service entrance.

Please send qualifications and credit references to your Dairy Equipment Specialist.
