

**“It’s a fact.  
We haven’t found  
anything  
we can’t bale.”**

**Strong  
on  
Value!**

**Fact:** Now you can make better bales. Model 484 makes a bale 5 x 4 ft. weighing up to 900 lbs. Bale weight depends on crop.

**Fact:** The Model 484 allows you to eject bales without backing away from the windrow. You spend more time baling, less time backing.

484 Round Baler

**Fact:** The Avco New Idea fixed baling chamber with open throat design has fewer moving parts and more positive bale starting in any crop (hay, straw, corn stalks and other crop residues) than variable chamber designs. Simple design means less trouble, more production and easier operation.

**Fact:** Avco New Idea bales have centers that “breathe” to promote better curing, preserve nutrient value and make it easier for livestock to eat. The tightly wrapped outer shell works to resist moisture and reduce spoilage.

**Fact:** You really should see these new balers. Visit us soon!
