SHENANDOAH INCINERATORS - A SANITARY ALTERNATIVE FOR ON FARM DISPOSAL

To Help Prevent the Spread of Disease

The sanitary way to get rid
of animal carcasses is with
a Shenandoah incinerator.
It's pollution controlled and
convenient to use. It's also
extra efficient because
we've lined the burning
chambers, and in some
models even the af-
terburning chambers, with
one and a quarter inches of
refractory cement. That
keeps the heat up and the
energy costs down.

Choose among eight easy-
to-install smoke and odor
controlled models. You
even have the option of
burning gas or oil.

Ask your local
Shenandoah dealer about
efficient, inexpensive in-
cinerators. You'll find out
how our bright ideas in
farm equipment can mean
a bright spot in your day.
And still leave a green spot
in your wallet.
