FICKES SILOS...

Dependable-Reliable

Systems That Assure Continuous Service Day After Day

FICKES SILAGEMASTER

Silo construction is not only an engineering science, it is also an art. Fickes Silos exemplify these principles, with their fine stave design and strength ... durability... and manufacturer's care in building.

SWING BACK HINGED DOOR

The hardware used in this door's construction is heavy duty steel with a double hinge system to allow the door to swing back against the side of the silo. A double lock system holds the door against the frame for a sure seal.
