Computer-Trak™ Monitor

Calculator-type display gives you up-to-the-second planting data

Numbers in the monitor window display minimum, average and maximum seed population, quick as a wink.

You can check speed and acres planted, too. And wiring harnesses custom-fit your Max-Emerge® planter

FOR LOW-TILL OR NO-TILL

Save fuel, time, moisture and soil with a Max-Emerge® conservation planter

Here's a rugged planter you can rely on in most soil conditions, including stubble and many sod fields.

Heavy-duty springs help transfer weight from the 7-inch frame to each planting unit to keep unit-mounted coulters in the ground. Frame-mounted coulters and cast-iron firming wheels are available, too, for extra-tough conditions

Whether you no-till, low-till or conventionally till your ground, these 4-row (30 to 40-inch rows), and 6- and 8- row narrow models can help you save fuel, time, moisture and soil. See us soon for details.

4 & 6 Row Conservation Planters Available
