

NEW HYDRA-STEER IS HERE

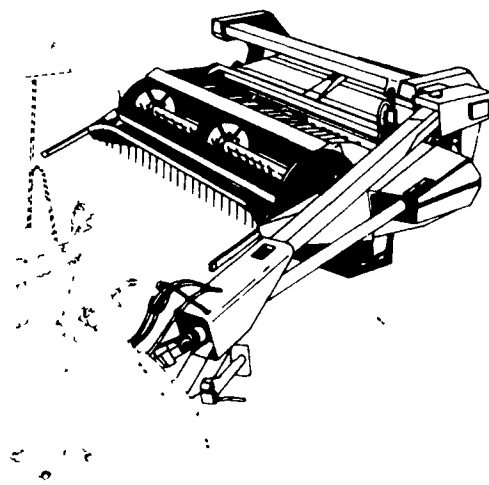

Just arrived... here is a "new idea" in fast, quality, high capacity haying. New Idea 12-foot and 14-foot Mower Conditioners feature the following advantages over competitive machines:

- * Conditioning rolls are 9 feet wide making swaths up to 7 feet wide providing fast hay curing and reduced risk of spoilage.
- * Hydra-steer... hydraulic center pivot allows you to cut on either side and makes maneuvering through narrow gates easy.
- * "Power through" slug removal... eliminates most plugging problems. You seldom leave the tractor seat to unplug the machine.

Stop in and check out the new Models 512 and 514 Mower Conditioners from New Idea. See us today for a Free Demonstration.

SAVE THOSE LEAVES

Most any mower conditioner will cut and condition hay, but Avco New Idea mower conditioners are designed for high speed, high capacity cutting... yet provide gentle stem crimping with minimal leaf loss.

Avco New Idea mower conditioners produce hay that dries fast and evenly. Hay is fluffy, well mixed and cures "ready to bale" in as short or shorter time than that produced by other types of mower conditioners.

The name of the game is... save those nutritious leaves, and the winner is Avco New Idea.

For all the facts about Avco New Idea mower conditioners, See us soon.
