

Farm Women Societies

Lancaster Society 25

Lancaster Society 25 met on Saturday, May 12 at the home of Mrs. Ira Gerlach, Wabank Road, Lancaster.

The scheduled speaker was unable to attend, but the group played a few games.

The next meeting will be on June 9 at the home of Mrs. Sterling Elmer, R6 Lancaster, with a program on nutrition.

Berks County Executive Committee

The Executive Committee of the Berks County Farm Women met recently at the Ag Center in Leesport.

Plans were made for volunteer help at the annual Berks Heim Open House on June 10. Volunteers

from each group were assigned times to work at the hot dog stands.

Committees were formed and plans discussed for the annual Berks County convention to be held on October 6 at the Ag Center.

Berks Society 1

Berks Society 1 met recently at the home of Mrs. Pauline Heflinger for their May meeting.

Plans for a boat ride down the Delaware and a trip to the Spring Rally were finalized.

The group will be in charge of the Memorial Service during the

county convention scheduled for October 1985. The group is also planning to participate in Heritage Days at the Oley Fair Grounds.

The next meeting will be at the home of Mrs. Barry Lawery, R2 Douglassville, on June 13.

Berks Society 3

Berks Society 3 held their monthly meeting on April 24. The women enjoyed a progressive dinner starting at the home of Mabel Baus, R1 Boyertown, and ending at the home of Sally

Tomich, R2 Boyertown. The program committee is planning a mystery trip for the next meeting which will be held on May 22. The trip will begin from the Acme parking lot in Boyertown.

Berks Society 9

Berks Society 9 recently met at the home of Sue Hendricks, R2 Douglassville.

Amity Township Poice Chief Eshbach gave a short history of the police department and spoke about

drugs. A new member, Hope Stepler, Amity Gardens, joined the group. The next meeting will be at the home of Jeanne Casner, R2 Douglassville.

Automatic Micro-Mist Sprayer Controls Droplet Size

The Automatic Micro-Mist Concentrate Sprayer can be powered by the tractor pto for use on rowcrops, vegetables and orchards.

The Automatic Micro-Mist Concentrate Sprayer is a faster, more efficient, economical alternative to conventional boom and aerial spraying of rowcrops, vegetables and orchards.

It takes mist blowing techniques a step further by giving the operator the ability to control the diameter of the spray droplets and choose the diameter best for each particular spraying application.

Controlling droplet diameter results in increased effectiveness and reduced materials cost.

The smaller droplets of the Micro-Mister coat all sides of the target evenly, due to the powerful turbulence produced by the unit. The Micro-Mister effectively coats the undersides of leaves, reaches inside trees, even coats the back sides of fruit.

The compact size and the utilization of chemical concentrates by the Micro-Mister offers many advantages. The unit comes in models that can be powered by PTO on small tractors, or a gasoline powered skid unit that slides into the bed of any pickup. Because the Micro-Mister eliminates the need for cumbersome water hauling equipment that requires additional manpower and time-consuming stops for refilling, the Automatic Micro-Mister saves both time and money.

The Automatic Micro-Mister can offer effective coverage up to 250 feet, depending on application, and can operate at speeds up to 12 m.p.h., with no dangerous overspray or drift.
