

Dr. Gish to speak at Farm Women's Spring Rally

HERSHEY — Dr. Dorothy Gish, assistant dean of students at Messiah College, Grantham, Pa. will be the featured speaker at the 19th annual Spring Rally of the Society of Farm Women of Pennsylvania, to be held Tuesday, May 29 at the Hershey Lodge and Convention Center.

Hosted by Mrs. Dennis Grumbine, president of Lebanon County Farm Women, the rally will begin at 10 a.m. Special music and greetings from Mrs. D. Merle Baughman, state farm women

president, will be programmed before lunch. The afternoon program will resume about 1:30 with surprise entertainment planned preceding Dr. Gish.

Reservations or information can be obtained by contacting Mrs. Raymond Saul, Myerstown R2, ticket chairman, or Mrs. Kenneth Sellers, R4 Lebanon.

Dr. Dorothy Gish, born in the Lebanon Area, will address the roles of women in other countries - how they differ and how they are similar

Dr. Gish is a graduate of Greenville College, Greenville, Ill.; Messiah College, Grantham, Pa.; and Penn State University, where she received a doctorate in child development and family relations. She is a professor of early childhood and family education at Messiah College in addition to serving as assistant dean of the college.

Dr. Gish was head mistress of Macha Girls School in Zambia, Africa, for seven years, and held 18 other teaching or educational

leadership positions.

She has written numerous articles for publication in "Today's Christian Women" and the "Journal of Psychology and Theology." She conducts seminars on self-esteem, child development,

and marriage and/or singleness in various world cultures.

Dr. Gish recently served as a United States delegate to the International Federation of Home Economics in Nathanya, Israel.

Dr. Dorothy Gish, assistant dean of students at Messiah College will address the roles of women in other countries at the Pennsylvania Farm Women Societies' 19th annual Spring Rally in Hershey on Tuesday.

UNIPEL® 13-34-10

fertilizer can get your corn crop off to a super start:

It has a high concentration of water-soluble Phosphorus that gets to young seedlings quickly. Helps plants establish a good root system — the starting point for top yields. Its quick-acting and long-lasting Nitrogen team up to feed the young plants for full yield potential, continually from sprouting to harvest.

This is the Starter Special that corn growers know from good experience. It's highly effective as a banded starter. And it's SAFE... no chance of ammonia damage to tender, young seedlings when used as a "pop up" and applied directly with the seed at 50 lbs./acre.

How can we fit UNIPEL 13-34-10 into your corn fertility program?
