

STOP TOBACCO INSECTS. START BACK TO WORK FAST.

ORTHENE® Tobacco Insect Spray is tops with tobacco growers. Because it gives the tough kind of insect control you need to deliver top quality leaf – yet its low toxicity means it's less hazardous to people than many tobacco insecticides.

That's why you can get right back to field work as soon as the spray has dried, not two days later.

ORTHENE is tough on pests, and can be applied without goggles or special protective equipment.

And it's a proven fact that ORTHENE insecticide kills most all major tobacco pests, even green peach aphids. It knocks out insects on contact, then keeps working from within the plant to stop damage from flea beetles, budworms, cutworms, hornworms, cabbage loopers and grasshoppers.

ORTHENE Tobacco Insect Spray. Tough on insects.
