

# Axial-Flow.

## Even used, it's simply more productive.

A lot of farmers know that a new International<sup>®</sup> Axial-Flow combine can improve their harvesting productivity. But the same simplicity and reliability that make a new Axial-Flow perform so well in the field, also make it worth more at trade-in time.

Our big single rotor threshes more efficiently than conventional machines. With fewer moving parts, so there's less to wear out. Plus servicing an Axial-Flow is so simple, owners tend to do it more regularly.

And there's never been a better time to buy than right now. If you're looking for a new Axial-Flow, remember, the same built-in reliability that makes a new machine such a good buy will also make your used machine worth even more.

So stop in today. And see how much Axial-Flow productivity—new or used—can mean to you.

INTERNATIONAL HARVESTER

### RECONDITIONED AXIAL-FLOW COMBINES

TAG #	DESCRIPTION
