## A salute to dairymen. Every month is dairy month with us.

In June a lot of people pay tribute to dairy farmers. It's National Dairy Month.

At Hamilton Bank, we feel you deserve credit a lot more often than that. Managing a successful dairy operation requires working capital all year round. So we're here to help you meet your capital requirements whenever you need us.

The total annual volume of dairy production for our six-county area is over \$407,000,000. This represents 31% of the yearly production for Pennsylvania. Now that's a record you can point to with pride, and we're proud to be able to help

— anyway, anytime. At Hamilton Bank, every month is dairy month.
