CARNATIONS CONTRIBUTION TO AGRICULTURAL PROGRESS

Carnation Research Farm... the oldest commercial research farm in the nation... is dedicated to agricultural research which will improve the rural standard of living, while providing an abundant and economical supply of food for our people.

Mr. E.A. Stuart, the founder of Carnation Company, had foresight to see need for agricultural research in founding Carnation Farms at Kent, Washington. This became the "Home of Carnation Contented Cows" where many world milk and butterfat production records were established.

These practices along with good genetics have led to THE SUPER cow.

Pictured Above: Corry - through the modern methods of Super Ovulation, Artifical Insemination and Embryo Transplant - produced 120 calves in a matter of 22 months with the help of many surrogate cows, while producing 38,950 lbs. of milk and 1350 lbs. of butterfat in 365 days. Classified Excellent.

BROWN AND REA

ASK YOUR LOCAL CARNATION DEALER OR CARNATION TERRITORY MANAGER ABOUT THE CARNATION CALF PLAN.
