"IT TAKES ALL THE WORRY AND HASSLE OUT OF FEEDING AND MANAGING OUR COWS"

SAYS DAVE PIERCE of Lincoln University, Pa.

Dave also had this to say about his W & J Dairy Computerized Feeding System. "In the years before installing our new feeding system I can only remember two cows coming in over 100 lbs. Now it is no longer a rarity. We had 4 cows over 100 lbs. last month. In addition, they are holding better. We can also manage our cows properly. We have up to the minute information available at all times, and know how much each cow is eating of their assigned amount. Another big plus is our clean parlor, now that the cows are not fed there. I am well pleased with my investment."
