## WOODS MOWERS

Worth more in the long run

If you're looking for more value in a rearmount or undermount mower than look to WOODS. We're the world's largest manufacturer of tractor powered rotary mowers.

**Rearmount mowers from Woods.** You'll like the Woods RM Series of gear or belt drive models for many reasons. They're rear-mounted, so you can hook-up quickly and easily. And these new features make a Woods' rearmount mower a better buy than ever. Our belt drive models now offer a faster blade tip speed and an automatic belt take-up adjustment. That means more convenience and performance. Plus, our gear and belt drive mowers are designed with a high velocity side discharge. Even our blades are designed to lift the grass for a more even cut.

**Undermount mowers from Woods.** Get the most mowing with the least horsepower! Woods undermount mowers are adaptable to most tractors and are available with cutting swaths of 3½, 4, 5 and 6 ft., depending on your needs.

See your Woods dealer for a demonstration.

## WOODS New Compact Backhoes... the sure-footed way to dig in!

The new Woods Models 650 and 750 utility backhoes can outperform others their size (and larger) digging footings, irrigation ditches, drainage ditches, wiring trenches, and for landscaping.

They offer control... and safety. Two lever control of all functions: reaching, digging, lifting, swinging and dumping. It couldn't be easier. And Woods' exclusive "Saf-T-Lok" mount which eliminates side-to-side free-play movement of the 3-point hitch, their wide stance cantilevered stabilizers, and their self-contained independent hydraulics make sure they go where they're put... and stay put. Woods' 162° bucket curl gives maximum breakout and full "bite", keeps material in the bucket, and tucks away for safe convenient transport between jobs. The operator platform, with adjustable seat, puts him where he can see his work, and perform safely and comfortably.

And they give a choice. Model 650 reaches 7'10" and will dig 6'6" deep from tractors rated 18-35 hp with standard category 1, 3-point hitch. Model 750 reaches out 9'4" and down 7'6" and from 20-40 hp tractors.

Get the "full scoop" on these top performers today. See your Woods Dealer.
