**The big-capacity
 hay machine.**

The Model 488 Haybine* mower conditioner gives you full width conditioning in a 9 machine. This high capacity mower conditioner practically eliminates plugging while it conditions the crop to retain the highest feed value.

The 488 features a sicklebar that moves at 1 632 spm, equal angle PTO and an ad justable reel to pick up lodged crops.

If it isn't a Sperry New Holland it isn't a Haybine mower conditioner.
