## FICKES SILOS...

Dependable-Reliable

Systems That Assure Continuous Service Day After Day

### FICKES SILAGEMASTER

Silo construction is not only an engineering science, it is also an art. Fickes Silos exemplify these principles, with their fine stave design and strength durability, and manufacturer's care in building.

#### SWING BACK HINGED DOOR

The hardware used in this door's construction is heavy duty steel with a double hinge system to allow the door to swing back against the side of the silo. A double lock system holds the door against the frame for a sure seal.

## SILAGEMASTER

## Increase Production 25% or More

### BETA-150 PCI

- This new dairy computer identifies your cows with high potential and allows you to feed them accordingly
- has increased herd average production up to 25% —
  - has paid for itself in less than a year in feed savings and increased milk & butterfat production
  - is easy to program and use
  - produces more profits through managing both feed and cows
  - interfaces with home computers
