Parkers Miss Blackbird 503 was named grand champion female in open competition at the second annual Pennsylvania Angus Breeders Show last Saturday. Sired by Pine Drive Big Sky, the March, 1983 heifer is owned by George Parker, and Greg Krueger and Family.

It's hard to tell who's enjoying the Angus show more, Heidi Frey or her four-footed partner.

The Systems Approach of Hershey Equipment lets you put it all together

Todays profit minded poultry, swine, and grain producers must think in terms of an automatic system.

"System thinking" can help you plan away problems before you begin, or it can help you automate away problems you now have.

Hershey Equipment Co. is geared to provide all components of the system including equipment, plumbing, electrical and building. This will assure that the pieces will fit together to form a profitable system.
